

Continuing Education (CE) Activities Chart

Information Technology (IT) is a rapidly changing industry. As an IT professional, you need to show and employers need to know that your skills are current with industry developments.

You have three options to renew your certification:

1. Pass most current version of the exam for the CompTIA certification you are renewing. * *Example: If you are renewing a CompTIA A+ 801/802 certification, taking and passing the CompTIA A+ 901/902 exams will renew your certification. (See note below.)*
2. Earn a qualifying [higher-level CompTIA certification](#) or another industry certification.
3. Complete Continuing Education (CE) activities and earn a sufficient number of Continuing Education Units (CEUs). All CEUs must be earned within your three-year CE Renewal cycle.
4. For those with a qualifying CompTIA A+ce certification, you may renew it by passing the [CompTIA A+ Recertification exam, RCO-903](#) (Not available for 900 series exam takers).
5. For those with a qualifying CompTIA Network+ce certification, you may renew it by passing the [CompTIA Network+ Recertification exam, RCO-N06](#) (Not available for N10-006 exam takers).
6. For those with a qualifying CASPce certification, you may renew it by passing the [CASP Recertification exam, RCO-CO2](#) (Not available for CAS-002 exam takers).

*Note: If a Candidate has passed an exam (or multiple exams) and achieved a certification, he/she cannot take the exam again without prior consent from CompTIA. If you hold [multiple CompTIA certifications](#), you only need to fulfill the CE requirements (including number of CEUs and payments) for your highest level certification.

The following certifications (received on or after January 1, 2011) are valid for three years from the date of certification:

CompTIA Certificate	Total CEUs Required for Renewal (within 3-year period)	Yearly Fee*	Total CE Fees (3-year period) *
CompTIA A+	20	\$25	\$75
CompTIA Network+	30	\$50	\$150
CompTIA Security+	50	\$50	\$150
CompTIA Cloud+	50	\$50	\$150
CompTIA CSA+	60	\$50	\$150
CompTIA Advanced Security Practitioner (CASP)	75	\$50	\$150

* **No maintenance fee is required if renewing through earning a qualifying higher-level CompTIA CE certification prior to your current certification expiration date, excluding CompTIA Cloud+ as it does not fulfill the total CEU requirements.**
